DIRECTOR'S CORNER

See the World With Your Tour Directors

Traveling with the club isn't just about the destinations. It's about the journey we share together. As tour directors, our favorite part of every trip is seeing members light up when they discover something new, laugh with new friends, or enjoy a story that brings history to life. Behind the scenes, we carefully plan every detail, from coordinating with Hosts, drivers, and presenters to adding those little surprises that make a tour memorable. Maybe a hidden café, an extra photo opportunity, or a fun local story.

If you're new to group travel, our best advice is simple: pack light and wise, stay curious, and be ready for adventure. The unexpected often becomes the highlight!

We're excited for the adventures ahead and can't wait to welcome you on our next journey.

Bruce and Pat Olson's journey to becoming a Motorcade Director began with the simple joy of camping. As a child, Bruce spent summers in an Apache Tent Camper with his parents and four siblings—an experience that sparked a lifelong love for travel and the outdoors. These days, life in a Foretravel feels like a palace by comparison!

A dedicated **11-year member of the Motorcade Club**, Bruce and Pat have traveled more than **125,000 miles** in their coach, exploring the highways and byways of North America. Bruce grew up in **Orchard Park, New York**, where he met the **love of his life and future wife, Pat**, in the eighth grade. Together, they raised their three sons in Churchville, New York, near Bruce's business operations.

Professionally, Bruce owns and operates Orcon Industries, an industrial packaging company, and FiberCel Packaging, LLC, which produces molded pulp products. Despite a busy career, Bruce has always prioritized his passions: traveling, cooking, and golfing. Pat was an educator for over 30 years as well as helping run and set up Bruce's offices. She enjoys sailing, golfing, reading and traveling.

Now calling Wickenburg, Arizona home, Bruce and Pat enjoy the freedom and beauty of the desert. They love riding 4x4s through the mountains and desert trails, target shooting at the Sportsman's Club and spending time on the golf course. Each summer, Bruce and Pat migrate back to New York, parking the coach in the driveway of the family homestead—now owned by one of their sons. It's the perfect escape from Arizona's summer heat and a chance to enjoy quality time with their seven grandchildren, often taking them on new adventures in their Foretravel.

For nearly **seven years**, Bruce and Pat have served as an **Activity Director** for the Motorcade Club. Bruce shares, "I truly enjoy meeting all the members, learning their stories, and cooking for the groups." They have scouted several motorcades—including the Mississippi River Road and Florida routes (unfortunately canceled during the COVID years)—and successfully directed the Colorado Springs and Mackinac Island motorcades. They have also assisted with the Maritimes Motorcade, working side by side with the love of their life.

Ask Bruce what he loves most about this role, and he'll tell you without hesitation: "It's the friendships made along the road." With this enthusiasm, experience, and warm hospitality, you can count on Bruce and Pat to help make your Motorcade adventure unforgettable.

2025 INTERNATIONAL PRESIDENT & FIRST LADY

Jerry and Nanci Moon

Hello Motorcadavers, Wow! Can you believe we are already over half way thru this year?!! Time flies when you're having fun, and we have been having a great time this spring and summer attending chapter rallies all across this magnificent country. To date, we have covered approximately 13,000 miles. Our goal is to attend a chapter rally with all chapters this year. Due to our schedule, there are many places of interest we weren't able to stop and visit while passing through, but they are now on our list for visits in future travels.

We recently attended the California chapter rally, which began in Myers Flat, California, in the coastal redwoods, and after a few days there, we moved to Brookings, Oregon. There, we parked facing the ocean. What a magnificent view! We rode a jet boat 52 miles up the Rogue River, and actually were blessed to see a cinnamon bear cross the river in front of us, and then, as it got out of the water, it stopped and provided us with a great photo opportunity.

After leaving Brookings, we headed out for the nearly 3000 miles journey home to rest for a few days, before heading to Tipton, Indiana, for the Great Lakes chapter spring rally. We had a great time visiting with all of our friends in the Great Lakes Chapter, as well as touring the Beck Seed Company and

Kokomo Opalescent Glass Company, which was started in 1888, and remains in the same location today. I like to mention things we have experienced during our travels and at rallies to hopefully prick your interest to visit some of these places as opportunities arise, but I have to tell you, it is always more fun with a great group such as ours.

I have been busy the past few days catching up on some maintenance items on the coach, getting it ready to head out in a few weeks. For those of you who live a long way from the factory, and may choose to do your own service work, I would recommend while under the coach, to look closely for loose wire connections. I found that after more than 20 years, the nut holding one of the wires on the oil pressure sender had vibrated off, and the wire was off as well. I blame I-40 East across New Mexico for this issue, but finding this prompted a closer look.

As we head into the second half of this year, we are looking forward to the fall rallies, that usually start in September. We plan on attending the Four Corners fall rally in Tombstone, Arizona, then from there, continue on to the Albuquerque Balloon Fiesta Motorcade, starting in Carlsbad, New Mexico, and ending in Santa Fe. Then, it is on to the Grandvention in Shawnee, Oklahoma, for a great

time with members from all over the nation. We always look forward to the Grandvention, reconnecting with members we may not have seen in the past year, and catching up on their travels. We have received a lot of travel ideas through our conversations with our Motorcade friends. At this national event, our tour directors put a lot of work into showing us a good time, with great seminars, great meals, and great entertainment. Originally, I attended the Grandvention for the seminars, to learn more about the operation and maintenance of our coach. I now feel my main objective is the social interaction with the many friends we have made through the years. If you are new to the Club, or have been a member for a long time, but haven't attended a Grandvention, why not make this the year? You'll have a great time and you're guaranteed to meet some wonderful people, and leave with some new friends. So, in closing, I hope to see you all in Shawnee, Oklahoma. Safe travels to all,

Jerry Moon

Hello Motorcadaders,

Summer is in full swing—and so is RV season! Fuel prices are looking better (at least in our area), and hopefully, you've had a chance to attend a Motorcade Club chapter rally or two, just like Donna and I have. These events are always a highlight for us—not just for the travel, but for the friendships. We get to catch up with longtime friends and meet new members along the way. That camaraderie is truly the heart of our club.

In our last issue, I touched on the “Power of Knowledge”—specifically, how knowing what to maintain on your RV can save you time, stress, and money. Recently, while attending the California Chapter Rally, I had a firsthand encounter with a new issue (and a few familiar ones) that all had to do with water systems in our coaches. One Motorcader, someone I hadn't seen in many years, was having trouble filling his freshwater tank. While he could get water into the coach when connected to campground water, he couldn't fill his tank for travel. It turned out that after experiencing a leak in the manifold bay, he took his U320 Foretravel to a small-town RV repair shop.

Unfortunately, the technician wasn't familiar with our RV's equipped with electric fill valves. Since the valve was the source of the leak, the tech simply removed it and plugged the lines—leaving the coach unable to fill the freshwater tank at all.

Speaking of electric fill valves, I run into problems with them pretty regularly during Motorcades. A common issue is the valve not shutting off, which can cause the freshwater tank to overflow. When I open up the valve, I often find rust, sand, or debris stuck inside—preventing it from closing completely. Similarly, I've seen this same type of debris in the water fill valve in electric toilets, causing them to keep filling without shutting off. If you're not standing nearby when this happens, it can get messy fast. In almost every one of these cases, the root cause is unfiltered campground water. That's why I strongly recommend using some type of hose-end water filter—even one of those inexpensive blue in-line filters from Walmart is better than nothing. These filters trap sand and sediment before it enters your coach, helping to protect your valves and your freshwater tank.

Now, I know many of the newer Realm models come equipped with two excellent whole-house water filters located in the bay. However, it's important to understand that these only filter water going into the living space. They do not filter the water coming into the coach from your fill hose. That unfiltered water can carry debris right into your fill valve and freshwater tank—leading to problems down the road. So, a good rule to live by: Always filter your incoming water. It can save you from unexpected leaks—or worse—at 3 am in a campground.

Want to learn more about your coach and how to travel worry free? Come join us on a Motorcade or Event this year! We host informal talks daily—at meals, around the campfire, or wherever we gather. We learn from each other, share stories, and if anything unexpected happens, Donna and I will be there to help, just in case.

See you down the road,
Mark Crick

Tire Pressure

Should I inflate my new tires to the max pressure setting as indicated on placard in coach?

Tire pressures at time of purchase are set at the factory based on the empty weight of the coach. The tire pressures will need to be adjusted after purchase to account for the additional weight of the owner's travelling load. Coaches should be reweighed with a full traveling load and pressures adjusted accordingly.

If possible, weigh by the individual axle end. If not, weigh by the individual axle positions. The front, rear, and tag axles should be weighed individually and the tires inflated cold to the nearest (round up) axle weight per appropriate chart.

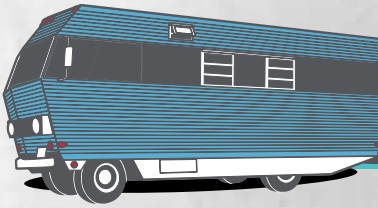

All of the tires on an individual axle should be inflated to the same pressure. If the individual axle ends are weighed and one side of the axle is heavier than the other, then the pressure of all of the tires on that axle should be adjusted for the heavier side.

Over inflation is not recommended unless the axle weight does not make the minimum weight provided on the chart. In this case, inflate to the minimum pressure. Over inflation may cause ride degradation.

Under inflation is worse than over inflation. Under inflation may cause tire failure due to tire overheating, reduced handling capability, loss of fuel economy, reduced casing durability, and poor braking performance.

The minimum air pressure for Michelin RV tires is 65 psi. The maximum Speed Rating is 75 mph. exceeding this maximum speed may cause the tire to build up excessive heat and result in sudden tire destruction, property damage, and personal injury. You should not exceed reasonable speeds as indicated by the legal limits and driving conditions. Refer to your Foretravel owner's manual for appropriate Tire weight chart for the Michelins tires on your coach. If you do not have Michelin tires, then we would recommend to contact the tire manufacture for proper weight chart. Hopefully this helps us understand that yes I should weigh and adjust tire pressures accordingly.

Safe Travels,
James T.

THE FORETRAVEL WAY

Warning!! Big John's done it again!
This sauce may cause uncontrollable cravings.
He nailed this one — it's a total game-changer.
Give it a try!

And brought to us from Tricia Cox This amazing salad really hits the spot!
Do you usually go for seconds? This chickpea salad will have you coming back for thirds — it's that good!

BIG JOHN'S INSTANT POT CHUNKY SPAGHETTI MEAT SAUCE

Ingredients

- 3 tbsp avocado oil or olive oil
- 1 large yellow onion diced (or 2 cups)
- 2 oz garlic cloves minced (about 12 cloves)
- 2 cups diced celery
- 1 cup diced carrots
- 2 lbs. ground beef (90% lean or better)
- 2 lbs. ground Hot Italian Sausage
(you can substitute 1 or 2 mild instead depending on your personal taste)
- 6 tbsp red wine vinegar
- 3 28 oz cans San Marzano Diced or Crushed Tomatoes
(I prefer this brand but you can use any brand.)
- 12 oz tomato paste
- 2 tbsp sea salt + more to taste
- 2 tbsp dried basil
- 1 tbsp dried oregano
- 1 tbsp Italian seasoning
- 1 tbsp fennel seeds
- 1 tbsp sugar or sugar substitute – equivalent to 1 tbsp
- 2 tsp ground black pepper

1. Set your Instant Pot to sauté. Once hot, add oil. Coat the pot, then add both meats, onion, carrots, celery and garlic. Mix around until beef is almost cooked (a little pink is fine). About 10 minutes. Now select cancel.
2. Pour vinegar over meat and vegetable mixture. Using a strong spoon stir well but be sure to scrape the bottom of the pot to prevent any of the onion/garlic sticking. This will help prevent the burn signal!
3. Now add tomatoes (with juice), salt, and spices, stir, then add tomato paste on top of mixture and do not mix it in. Secure the lid. Select the manual function and cook on high pressure for 15 minutes.
4. Start boiling water for pasta with 1 tbsp salt added. Start your pasta cooking to coincide with when you want to eat after sauce is ready.
5. After the Instant Pot cook time ends, use a quick release if you need it right away or let it take its time to meld. Make sure the steam is completely released before removing the lid. Now stir well. If too thin, select sauté and sauté with lid off until the sauce has reached your desired consistency (make sure you stir often if you do this).
6. Serve over hot, drained pasta of your choice (I personally like DeCecco Rigatoni) or spaghetti squash. Add additional salt and Parmesan cheese to taste or maybe even some hot pepper flakes.

Enjoy!!

From Ben and Linda Chism

Shawnee, Oklahoma is steeped in the rich traditions of the frontier—rooted in the legacy of early railroads, cattle drives, and Native American heritage!

CALIFORNIA

The California Chapter of the motorcade club recently finished a wonderful 9 night mini -motorcade style rally in the California Redwoods and Brookings Oregon over Memorial Day week. The Giant Redwoods Rv Park provided a great gateway for the 25 coaches and 50 members attending to the world-famous Avenue of the Giants. Curated tours in Founders Grove and a ride on the Skunk Train were very informative. There is just no way to describe the wonder of these ancient Redwood giants and their place in history. Simply magnificent. A group dinner at the Benbow Inn was nostalgic of yesteryear. Everybody dressed up and looked so great. Beachfront Rv Park in Brookings was right on the beach. Waves crashing at night were peaceful and the views from the front of each coach were beautiful. Lots of great memories were created for all. Many other events were also successful. The rally concluded with an all-day jet boat ride on the Rouge River; white water rapids included. I was so grateful to have been able to waggonmaster this event and do some Big John cooking with the team of my wife Junko Smaha, Keith and Dawn Hudson and Rocky and Rockette Cornelius.

Special thanks go out to each of you. We are looking to the future and hope to have more good times in the years to come. It's nice to see our chapter thriving.

John Smaha, California Chapter President

FLORIDA

June 3, 2025

Greetings Friends—

It is my honor to provide the Club an update on our Chapter here in Florida.

Well, like that Rolling Stone's song, "time waits for no one". BAM, we are already in June! Glad to see that diesel prices at the pumps are tracking down! Hoping everyone has their Coach rolling and exploring this beautiful country of ours. Kristen, (Secretary) is encouraging us all to post travel photos on the Florida Facebook page, or send your favorites to her and she'll post for you... We have a "top contributor", Paul and Pixie Newcomb who are sharing adventures in "Gus the Nimbus", thank you Paul.

This spring we had a great Rally in Navarre Beach on the Emerald Coast, and again many new members participated, all had a great time. Our Wagon Master's Matt Wagner and Connie Pool did a fantastic job. We had a great tour of the Air Force Armaments Museum, with a special tour of the "First Lady" aircraft. Many folks chipped in to help and worked very diligently to make everything perfect. The weather was great, beautiful sunsets over the water, and surprise, the occasional bald eagle would perch in the tree next to the pool. We had a multiple coach effort "smoking" some "prime-cut" roast beef in multiple smokers for dinner. The Chile cook-off was a great success too. Thank you Matt and Connie, as well as ALL the volunteers who made this Rally a success.

Our fall 2025 Rally is in Punta Gorda, at the Creek Side RV Resort, conveniently located off I-75. We've moved our Rally date to early November, (5th- 8th) a four day Rally. Our goal is to have some warmer evenings for folks to socialize under the stars... This area of Florida has some spectacular shelling beaches that Kristen and I have spent many hours collecting beautiful "stuff" on. Hum, perhaps we could have a craft project with all those shells and shark-teeth folks might find?

Fall 2025 Rally planning is underway. Our Rally Masters Kyle and Rochelle Roe are spending a week in June scouting the Resort and the area. Happy to report, they have an exciting agenda of really cool activities planned and some great meals. If you know the Roe's, details matter, this will be a fun, first class Rally to attend, don't miss this one! Details coming soon.

These folks are also scouting the East Coast, Fort Lauderdale area for a Spring 2026 Rally. We could use some recommendations from our members on the East Coast... We also need Rally Masters to pull this Spring 2026 Rally off and make it a huge success. Any Volunteers?..

We are very fortunate to have a great leadership at the national level of our Motorcade Club, Jerry and Nancy Moon have been extremely engaged. We welcome our new Club Manager, Sue Bell who is exceptional in her diligence to support us! We also are enjoying a resurgence in Florida of new members joining us, making new friendships. And of course, all our "low Motorcade number" members always have been, and continue to be our dear friends and keep the Chapter fun and on track.

Important info: This year is a transition year with elections for Florida Chapter Officers happening at the Fall Rally. It's been a quick four years that I've been fortunate to enjoy as VP and Chapter President, my time is up. We need our members to help fill the leadership gaps. We are looking to fill the following Florida Chapter positions: Vice President, Secretary, and Treasurer. Matt Wagner, (our current VP) becomes our new President. Matt is a great guy and will continue our traditions and great leadership. Please consider volunteering as an Officer, without participation we cannot continue this great Chapter. Please contact Kristen, or I if interested. We have a nominating committee we will be convening soon.

Thank you and safe travels.

Sincerely,
Jeffrey Lendroth
2024-2025
President

CENTRAL PLAINS

On April 23 thru 26 we hosted our spring rally at Humboldt, KS, with 7 coaches attending along with a member staying in a hotel and 1 guest. We visited the Whitetails & Wildlife Museum that held there Grand Opening in January. This was a wildlife gallery with eco-friendly décor and painting that captured a picturesque backdrop of where the animals were collected. It was totally amazing and very well done, our tour was with the owner and his wife. We then walked across the street to a 19h century woodworking & millwork shop. All the equipment was run by belts and power driven shafts. A demo was given by the owner of several machines operating. Another amazing place.

The next day we toured B & W Hitch Co. where they make ball hitches for trucks to pull 5th-wheel trailers and stock trailers. The retired owner has helped restore and revitalize the downtown area of Humboldt. This small town has a lot going for it. After lunch the guys went to "Toys for Big Boys" antique museum while the gals made flower arrangements at the local "Hometown Floral & Gift Shop". Later that evening some took in the races at the local dirt track.

An omelet breakfast was served Saturday morning followed by our business meeting. Everyone seemed to enjoy the rally and we ended with a meal together at the Union Brewery. Our Fall Rally is being hosted by Clinton and Brenda Volz in Ponca City, OK, prior to the Grandvention in Shawnee, OK. Hope to see you there.

Four Corners Kicks Off 2025 with Redwoods Rally and Looks Ahead to Tombstone Adventure

The 2025 rally season launched with the highly anticipated Joint California/Four Corners Redwood Rally, held May 18–26. A total of 25 coaches came together to explore the awe-inspiring beauty of California's coastal redwoods.

From the forest floor to the treetops, attendees experienced the redwoods in unforgettable ways—starting with a guided walk through Founders Grove, where we stood beneath some of the tallest trees on earth. Later, we soared among the treetops on a gondola ride at the Trees of Mystery, taking in the forest from an entirely new perspective. The rally concluded with a thrilling finale: a wild jet boat ride on Jerry's Rogue Jets through the scenic Rogue River. It was truly awesome!

GREAT LAKES

Great Lakes Chapter Members and Foretravel Club Members,

Shirley and I are missing our Dear Friend Tom Campbell, who passed at the end of May in Texas. We met them at our first Great Lakes Chapter Rally and became fast friends. [Tom's and Lynda on the left]

Tom and his wife Lynda have been very active in our chapter attending rallies and hosting them as well. They have attended Grandventions and been on several Motorcades and will be missed by all who knew them. Tom was very generous and shared his talents with gifts he made featuring the Foretravel Logo. We will cherish ours. Our deepest condolences are with Lynda and their family. Tom will be missed dearly.

Tom and Lynda asked us to co-host the Great Lakes Fall Rally in Frankenmuth, Michigan. They had scouted it out and made the reservations. Lynda is going to continue as a co-host with us and we will look forward to being together at the rally.

Tom's Celebration of Life was held June 14th at their home in Royal Oak, Michigan. Family and friends gathered to share remembrances of Tom and take comfort with each other. His was a life well lived and he was loved.

Tim McCoy, President
