With warm weather here and summer in full swing, there is no better time to pack up the motorhome, hit the open road, and discover more of our beautiful country!

This summer, I have been truly **blessed to be part of our "North to Alaska" Motorcade**, and what an incredible experience it has been! From the breathtaking scenery to the unforgettable adventures, this trip has been everything you hope a great summer journey will be, and so much more. But as wonderful as the destinations are, one of the very best parts of traveling with our Motorcade Club is the **people you meet along the way**.

There is something special about spending days and weeks traveling together. You get to know fellow travelers, share stories, laugh together, make memories, and form friendships that can last far beyond the end of the trip. Our club is filled with truly wonderful people, and I cannot say enough about the fun and fellowship that happen whenever everyone comes together.

Our Directors put hours into planning these Motorcade adventures, coordinating schedules, arranging activities, and making sure there is something exciting for everyone. They work hard so that once everyone hits the road, they can relax, enjoy yourselves, and make the most of every stop along the way.

And there really is **something for everyone!**

You can join the group for the day's planned adventure or spend the afternoon exploring on your own, discovering a local attraction, enjoying the scenery, or simply relaxing. When traveling with the Motorcade Club, you have the freedom to choose. Just be sure to check with the Director before heading out, you never know when a surprise stop or adventure may be planned!

More Adventure. Less Worry. Another wonderful benefit of traveling with the Motorcade Club is knowing that the sites and pre-planned activities are included in the trip price. There is always plenty to see and do, without the stress of planning every detail yourself. And let me tell you, **they can keep you going!**

Along the way, you are almost guaranteed to discover a place that captures your heart, a destination you will dream about long after the motorhome is parked back home. Those special places are often the ones that make you say, **"I definitely want to come back here someday!"**

Travel with Peace of Mind With the Motorcade Club, you are not simply joining a caravan of motorhomes. You are joining a community of people who enjoy traveling, exploring, and making memories together. Having a mechanic follow along on every Motorcade provides an added sense of security and peace of mind you simply do not find everywhere. That peace of mind lets you focus on what really matters, enjoying the journey.

Whether you're taking in a spectacular view, exploring a new town, sharing a meal with friends, or laughing about the day's adventures, you can simply enjoy the moment.

And then there are the friendships. The like-minded friends you meet along the way may be one of the greatest treasures of all.

A Little Office News: We're Going Paperless!

We also have some exciting changes coming soon. We are moving toward **paperless communication**, with invoices and important communications being sent directly to your email.

We know email is not an option for everyone, and we completely understand. If you need to continue receiving information by mail, **please let the office know**. We appreciate your help as we make this transition together!

As I write this newsletter, our North to Alaska Motorcade is officially underway. With Ben and Linda Chism leading the way, we have fifteen coaches making their way north. I know they are in for a fabulous time together. MUSH!!!

Our spring rallies were a big success. Some even sold out from our normally big turnouts in the springtime. MidSouth danced in the heart of the Texas Hill Country. Great Lakes got their kicks on the historic Route 66 in Springfield, Illinois. Central Plains enjoyed a dinner cruise on Lake Of The Ozarks. South Central and Florida held a joint rally in beautiful Maggie Valley, NC.

Summertime means lots of sunshine and hitting the road. I've already seen many of you posting on social media. Be sure to keep up with each other by posting on our Chapter Facebook pages.

Speaking of Facebook, it seems to have become the go-to site for getting help with a mechanical problem. While those posts seem to get a lot of quick responses, don't forget about the Fore Forums. At the www.foreforums.com website you can search its

history for good answers to most of your questions. It is a treasure trove of Foretravel technical information and experience. Speaking of experience, we also have access to Foretravel Tech Support from James Triana and his team. I hope your trips always go without incident, but if you need help with something, there is plenty of expertise ready to lend a hand.

Summertime is also a good time to firm up your plans for Fall rallies and Grandvention. Contact your Chapter Officers to reserve your spot at the next rally and give Sue Bell a call to sign up for Grandvention. I can't tell you how much I have learned about my Foretravel coach from the many Tech Talks at Grandvention. There are spots still available for most of these.

As I write, this the Alaska Motorcade is in full swing. We are parked on the beach of Homer Alaska overlooking the ocean. Everyone is having such a great time. The beauty of this land, the mountains and wildlife are truly breath taking. Speaking of air, one thing that we always seem to have problems with on our motorhomes is air problems, or more specific, a lack of air.

We all know we need the proper amount of air in our tires, air in our suspension system for travel and leveling, along with air in the slide out bladders for sealing purposes. But without the proper amount of air in our Brake System, we are not going anywhere!

Let me try to explain how that air gets there in the first place and some of the components involved. Our engine driven air compressor is a direct drive system so no belts to worry about. It gets its air from the engine intake manifold, through the engine air filter and turbo charge system. That air pressure is regulated by the air governor which maintains pressure from 90 to 125 PSI and is adjustable.

As the air is compressed, it condenses and gains moisture We don't want water in our brake systems as it would corrode the lines, valves, etc., and in freezing weather completely block air flow, and our stopping ability! Hence we have an Air Drier. Our Air Dryer takes all air from the compressor and runs it through a coalescing filter that traps any oils and particles that might come from the compressor. It is then passed through the desiccant cartridge which removes moisture from the compressed air. The now dry air moves to the "Wet" tank where any remaining moisture should accumulate before moving on to both front and rear brake tanks. This dry air is then used for braking and other accessories.

A purge valve on the dryer opens at the end of each compressor cycle when pressure, set by the air governor, reaches its upper limit. The air and moisture is then expelled out of the dryer and desiccant cartridge back into the atmosphere. That's the noise we hear when the system "pops off" and we know we have air built up to travel on. This cycle continues over and over again as we drive and anytime the engine is running and the air governor is calling for more compressed air.

This is why it is essential to service our Air Dryers on a regular base. Foretravel has a dryer service kit that is available that has both the desiccant and coalescing filter cartridges, and they recommend servicing the dryer every 12 months. I also recommend replacing the high pressure relief valve that comes in these kits as they too can fail.

Over the years these dryers preform thousands of cycles. I have found that if not serviced properly you will see excess water in your wet tank. Drain it often. Also the desiccant will begin to break down and a white powder or (dust) will be seen when draining the tanks. This white powder can travel throughout the system, plugging brake and check valves along the way. Avoid this at all costs by having the Air Dryer serviced regularly.

As with everything this dryer and it internal parts wear out with use and age. I have had on almost every Motorcade at least one Air Dryer failure of some kind. Usually on coaches 10 to 15 years old or older. The problem is that with all these cycles of drying air and purging of the system, something finally (usually from internal seals breaking down) gets stuck in the purge valve and you are no longer able to build air in your brake system. Now you're stuck wherever you are, unable to release the park brake, due to the lack of air.

The best way I know to keep this from happening on older coaches is to have the dryer assembly replaced or rebuilt whichever you prefer. Either way, a new or rebuilt Air Dryer will give you the piece of mind that you are good to go for many more years of worry free travel.

Of course the best way I know to really travel "worry free" is to travel with us on a Motorcade. Not only do you not have to worry about where you're going, how to get there, or where you'll park at night, but also know that if you can't "build air" in the morning, Donna and I will be there to see that you do!

See You at GrandVention!

FORETRAVEL MOTORCOACH

Understanding the Aqua Hot

The Aqua Hot system in your coach has four duties with coach operations. One is heating the domestic water for showers and hot water for the faucets throughout the coach. Secondly, it supplies heat for interior heating of the coach. Thirdly, it will also heat the storage bays in the coach. Fourth and final, it will also provide pre-heat for the engine for easier starts during the cold months of winter. When properly maintained, the system works well. Aqua Hot recommends having an annual service completed on the coach every year. When the unit is under their warranty, the maintenance has to be completed for the warranty to be valid. The annual service will include replacing the nozzle, adjusting the spark probes, checking fuel pump pressure, replacing the photo eye, cleaning the burner chamber, and replacing the fuel filter. It is not recommended to only replace the nozzle. A complete service is only suggested.

The system consists of four switches for operation: burner on/off, electric (AC heat) on/off, low/high switch, and engine preheat. Some digital controllers may not have a dedicated switch for electric on/off, so selecting AC1 (heating element 1) or AC2 (heating element 2) will turn them on.

Foretravel started using the Aqua Hot Hydronic heating system in 1995. It was only used in the U300 and U320 models. It was an option on a special-ordered U295 coach. All Realm coaches built today come equipped with Aqua Hot. The Realm Presidential uses the 600D as standard equipment, while the Realm Limited or FS605 is equipped with the

450D model; this can also be floorplan dependent, meaning the 600D can be an option.

The burner is the main source of heat for operation (50 thousand BTU's) and continuous hot water for the shower; the electric heating elements are two 2000-watt heating elements. I explain to individuals as imagine trying to take a long hot shower or heat the coach with two hair dryers.

The water heater side does not store, say, 30 gallons of hot water; it operates more as an on-demand unit. Which makes it hard for the electric heating elements to keep up. I like to explain it as Texas summertime use.

James Triana

When the unit is making hot water, it flows coolant through the storage bay coolant hoses and does not turn on the heating convectors; the convectors are controlled by a separate thermostat located near the fresh water tank. Interior heating is controlled by three or 4 thermostats located throughout the coach for even interior heating or only certain areas (zones). An example would be heating the living area of the coach to 74 degrees and, while on a cool night, leaving the bedroom off or set to 68 degrees for a little cooler sleeping temperature.

The engine preheat mode should be used when temperatures are freezing, or if you are planning on leaving early one morning and cold temps exist; the unit is thermostatically controlled, so it is okay to turn on, say, the night before you leave. This feature makes for easier starting of the engine in cold temps.

These units are just like the coach and other components within; they all seem to operate better if exercised.

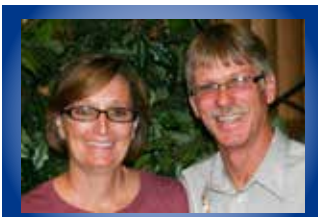

Hopefully this will help with a better understanding of the Aqua Hot and how it operates.

Safe Travels,
James T.

DIRECTOR'S CORNER

See the World With Your Tour Directors

Mark and Donna Crick grew up together in a small Kansas town of just 750 residents. Their shared love of travel and adventure began with a tent, a boat, and an El Camino. As their family grew, they upgraded to a travel trailer, creating lasting memories on annual family vacations and weekend trips to the lake.

Later, when their children became involved in weekend travel baseball tournaments, Mark decided the family needed something more practical. An RV with a generator for air conditioning and a bathroom for the kids made traveling to the games much more comfortable.

In 2000, they purchased their first motorhome, a 1981 Foretravel 31-foot FTX, completely by chance. After learning about the Foretravel Motorcade Club, they joined in 2004. Two years later, they attended their first GrandVention and were immediately hooked. They have not missed a GrandVention since.

Professionally, Mark began his career as a mechanic at a General Motors dealership, while Donna worked as an X-ray technician at the local hospital. Mark later opened and operated his own automotive repair shop, with Donna handling the bookkeeping. Eventually, Donna left the hospital to join the business full-time as the couple expanded into real estate and, at one point, even owned a coin-operated laundry.

The Cricks attended their first Motorcade in 2009 and participated in the Alaska Motorcade in 2011. Since then, they have returned to Alaska with the Motorcade Club six times, creating unforgettable experiences along the way.

In 2014, Mark and Donna had the honor of serving as International President and First Lady of the Foretravel Motorcade Club. Later that year, they became Activity Tour Directors, organizing and leading motorcades through the fall of 2018. They then took on the role of club mechanics, traveling with the motorcades and repairing just about anything that needed attention along the way.

Over the years, Mark and Donna have owned seven Foretravel motorhomes and have traveled nearly 200,000 miles. Mark likes to joke that he has never "worn one out", he simply enjoys experiencing the latest technology. At least, that's the explanation he gives Donna whenever it's time to trade for a newer model. Either way, they both agree that motorhomes have come a long way since that first 1981 FTX.

Today, the Cricks still call Kansas home. They consider themselves especially blessed that both of their parents continue to live in their hometown. Their three children and seven grandchildren all live within about 50 miles, allowing the family to spend plenty of time together.

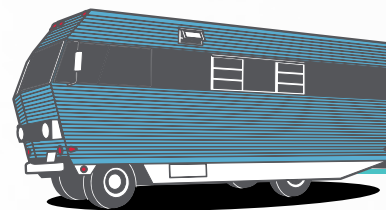

When asked what they enjoy most about the Foretravel Motorcade Club, Mark and Donna don't hesitate with their answer: **it's the people**. The friendships they've built and the memories they've shared over the years have become one of the greatest blessings of their lives. To them, the members of the **Motorcade Club are more than friends, they are family**.

Anniversaries

A Beautiful Milestone a love worth celebrating.

This is the story of two people who have continued to choose one another through every chapter of life, through challenges and celebrations, quiet days and unforgettable moments, and everything in between.

Building a life together for this long takes more than love. It requires patience, strength, understanding, humor, forgiveness, and a steadfast belief in the person standing beside you.

You are a wonderful reminder that lasting commitment matters, that true partnership makes life richer, and that love, when nurtured with care, becomes stronger and more meaningful with every passing year.

Your journey is an inspiration to all of us. It shows that the greatest things in life are not created overnight; they are built gradually, through shared experiences, countless memories, and choosing each other day after day.

So today, we celebrate you: for setting an example, for showing the meaning of devotion, and for proving that love does more than simply last... it grows deeper.

May the years ahead bring even more laughter, happiness, and cherished memories, and may the love and dedication that brought you this far continue to make your story shine for years to come.

Tribute to Russ Miller

The Foretravel Motorcade Club's existence depends on the effective leadership of its officers. Whether CEO or International President, Club Manager or Chapter President, each one invests their time and efforts to help build a stronger Club. Russ Miller exemplified servant leadership as an officer of our Club. Russ was a true inspiration of enthusiasm and tenacity. We were saddened to learn of his passing on June 24, 2026. We offer this Tribute to memorialize his service.

Russ and Susan Miller purchased their Foretravel motorhome and became members of the Florida chapter in the early 2000s. Fast forward to around 2014. Russ and Susan attended their first Florida rally at Pat Brewer's Boy Scout Ranch pre-rally to FM-CA's Southeast Area rally. Steve Crook met Russ for the first time at this rally. Russ was animated and motivated – a personality on steroids. He was a talker, a convincer. He was happy with life and loved his fellow man. He stood out and was soon tapped to be President of the Florida chapter in 2018. Steve remembers attending a Florida rally that year and watched and listened to Russ convince a fellow member to volunteer to take an officer position. The member volunteered – it was extremely hard to say “no” to Russ.

Russ volunteered again to be president of the Florida chapter in 2019. That same year he also volunteered to be President-Elect of the Motorcade Club, then as International President in 2020. Doug Camp remembers his first Motorcade event was the 2019 Mineola GrandVention when Russ was elected as International President for 2020. He vividly remembers Russ's energy and excitement, looking forward to his tenure as President. It really got Doug's attention and piqued his interest in getting more involved with the Club.

Jerry Moon also met Russ at the 2019 GrandVention. Jerry noted that no matter what the situation, Russ always wore a smile and had a story to tell. As recent as 2025, Jerry spoke to Russ and asked if he would continue as Chairman of the Nominating Committee. Russ agreed to serve again despite the medical challenges he faced at the time. Not only was he persuasive in convincing others to get more involved, Russ himself was always ready to step up and take part as well.

Due to the pandemic, Russ volunteered to serve a rare second term as International President in 2021; then CEO in 2022 and again in 2023. His wife Susan served alongside him as Club Treasurer from 2021 to 2023. Russ then served on the Nominating Committee in 2024 and 2025. He held these leadership positions during the challenging times of the pandemic and the Club being divested from Foretravel, Inc. Events were cancelled; new by-laws had to be formulated; the Club had to file with the state of Texas and the IRS as nonprofit; new sources of revenue had to be pursued; all Club motorcades, GrandVention, and other functions had to pay for themselves.

When Paul Ogle assumed the roles of International President and later CEO of our Club, Russ was a tremendous mentor and friend. Their friendship became even more personal when Russ learned that Paul was a Polio survivor. Russ had been very active in the International Rotary Club which supported major efforts to eradicate polio. Paul credits Russ for introducing the fuel discount program with TDS/Open Roads, and discounted prices for Michelin tires through David and Wendy Ward with NTCS. Russ was always laser focused on improving our Club.

Russ Winck remembers his “other brother” Russ for his drive and determination. Miller extended that influence at the Chapter level as well. While attending a Great Lakes rally, Miller embraced his role as International President and ambassador for the club and was instrumental in recruiting new officers at the rally in large part due to his ability to persuade members that they can do the job.

Winck also remembers Russ being sincere and open about things. Miller said, “I just didn't know what I was missing until I became more involved and participated in Motorcades and rallies.” The two Russ's later visited about the responsibilities of the job when Winck became International President in 2024. Despite the fatigue from his illness, Russ was more than willing to help mentor him for the year ahead.

Through all these years, Russ guided the Club with his positive, can-do personality, which was exactly what the Club needed. He deserves our thanks for all he accomplished and has passed on to all of us. Russ Miller will be greatly missed.

BAKED FRENCH TOAST CASSEROLE

Ingredients

- 8 ounces whipped cream cheese
- 1/3 cup chopped pecans
- 1/4 cup light brown sugar
- 2 teaspoons maple syrup
- 1/4 teaspoon cinnamon
- 2 cups of milk
- 5 eggs
- 1/4 cup granulated sugar
- 1/2 teaspoon vanilla
- 1 loaf thick sliced bread
- 2 tablespoons sugar
- 1 1/2 teaspoons cinnamon
- confectioners' sugar, optional

Directions

Mix together the cheese, pecans, syrup, brown sugar, and 1/4 teaspoon of cinnamon. Then set aside.

Next, beat together your milk, eggs, 1/4 cup granulated sugar, and vanilla. Spread your cheese mixture on one side of each slice of bread.

Layer the bread slices at an angle in a 9 x 13" baking dish, cheese side up. Pour the milk mixture over the bread evenly and completely throughout.

Cover the dish with plastic wrap and let it chill overnight. Then, remove the plastic wrap and sprinkle with 2 tablespoons granulated sugar and 1 1/2 teaspoons of cinnamon mixed together.

Bake in the preheated oven set at 350 degrees (or 176 degrees C), for 20 to 25 minutes and until browned and the egg is set. Sprinkle the dish with confectioners' sugar before serving, if desired.

EASY BAKED SPAGHETTI

Ingredients

- 1 pound uncooked spaghetti
- 1 pound lean ground beef
- 1/2 pound sausage
- 1/2 medium onion chopped
- 1/2 teaspoon dried oregano or Italian seasoning
- 1/2 teaspoon red pepper flakes optional
- 4 cloves garlic minced
- 4 cups marinara sauce
- cottage cheese
- 1 cup shredded mozzarella
- 1 cup shredded cheddar
- 1 cup freshly grated parmesan cheese
- Salt & pepper to taste

Directions

Preheat oven to 375F and move the rack to the top third of the oven.

Boil a salted pot of water for the pasta. Cook it for 2 minutes less than the package directions indicate. Once it's done, drain it and add it to a 9x13 casserole/baking dish.

Meanwhile, add the beef, onion, oregano, and red pepper flakes to a skillet. There should be enough fat released by the beef to cook the onion, but if it's particularly lean, add a tablespoon of olive oil. Cook over medium-high heat, stirring occasionally, until the meat has browned/cooked through (about 10 minutes). If there's a lot of excess fat, spoon most of it out.

To the skillet, stir in the garlic and cook for about a minute, then add in the marinara sauce and cook for a few more minutes until it's warmed through. I stir in some salt & pepper as well.

Pour the beef mixture over top of the spaghetti. Toss until everything is coated. Smooth it out into an even layer.

Top with the cheeses and bake, uncovered, for 20 minutes. Broil for a few minutes to brown the cheese if you want (watch it carefully). Let it sit for 5-10 minutes, then serve by cutting it into squares using a spatula. I garnished it with some chopped parsley, but that's totally optional.

Experience the Heart of Ohio

Come join the adventure and bring your friends along! The Ohio Motorcade 2026 is gearing up for an unforgettable journey through the Buckeye State filled with fascinating tours, great company, and plenty of delicious food.

We'll be Rockin' and Rollin' at the Rock & Roll Hall of Fame, celebrating the legends who shaped music history. Then we'll step into a completely different world with an immersive look at Amish life. Experience a schoolhouse in session where manners, discipline, and simplicity guide the day. We'll also enjoy a behind-the-scenes tour of one of the region's finest buggy makers and explore a variety of beautiful Amish-crafted goods.

Of course, no Amish visit would be complete without the food! We'll savor a homemade meal prepared and served the traditional Amish way—simple, hearty, and absolutely delicious.

Curious how Foretravel windshields are made? We'll discover the process firsthand. And that's not all, we'll also explore how racing tires, fire trucks, and handcrafted knives are made. It's a trip packed with fascinating behind-the-scenes experiences you won't find anywhere else.

Speaking of food... Chef Bruce will be keeping us well fueled with fantastic breakfasts and dinners on the trip!

Exploring Tennessee

Stick around a while... you're not done yet!

There's no sense visiting the Smokies if you're not planning to stay a spell - and that's exactly what we're inviting you to do!

When the GrandVention wraps up, the adventure keeps right on rolling with The Tennessee Special: eight extra days of unforgettable experiences, jaw-dropping mountain scenery, and good old-fashioned East Tennessee fun.

We'll soak in the beauty of the Smoky Mountains, enjoy first-rate local entertainment, and dive into tours you won't find anywhere else. One moment you might be standing inside a giant can of Bush's Baked Beans... the next, taking in a lively dinner show... and after that, sampling some of Tennessee's best moonshine.

That's just how we do it, off the beaten path and straight into the stories, sights, and flavors that make this corner of the country truly unique.

You'll experience Dolly Parton's Stampede, Ober Mountain, and even enjoy some free time to explore whatever catches your eye.

Pennsylvania's Founding Steps

So much History in Pennsylvania!! Flavor! Adventure! All in One Journey.

This motorcade tour takes you on a journey through history, culture, and scenic beauty.

We plan to get a look into the nation's past at Independence Hall and the Liberty Bell, then savor the sweet taste of tradition in Lancaster Amish Country, where shoofly pies and rolling farmlands await. History and trains come alive at the Railroad Museum, and we plan to take a ride! Then the chocolate lovers will delight in a stop at Hershey, the town that makes every visit a treat. Yum!

Charming Small Towns

We will roll through charming heritage towns, and step back in time in Jim Thorpe, a Victorian gem where scenic train rides and historic streets capture Pennsylvania's timeless charm. Marvel at covered bridges, explore cozy wineries, and enjoy small-town gems like Crick, PA. each stop adding flavor, scenery, and stories to your journey.

Witness architectural brilliance at Fallingwater, Frank Lloyd Wright's iconic masterpiece, where nature and design meet in perfect harmony.

Walk Through History at Gettysburg

No tour of Pennsylvania is complete without a visit to Gettysburg, where history echoes through every battlefield and monument. The Civil War Reenactments are going to be quite the experience!

This isn't just a trip, it's a full Pennsylvania experience. Taste local treats, explore hidden gems, ride scenic trains, all from the comfort and excitement of a curated motorcade.

Reserve your place and discover Pennsylvania like never before, through history, flavor, and adventure, all in one unforgettable journey.

Spots are limited, don't miss your chance to experience Pennsylvania like never before!

RESERVATION POLICIES

A \$500.00 per event deposit is required at time of making a reservation. A second payment may be required on any event and is due within 30 days of billing. Payment of the full event fee is due and payable and must be received in Nacogdoches 150 days prior to the activity or by notified due date. The additional payments are necessary to insure your reservation place. No reservation is firm until the payment(s) are received by the Club office. Reservations may be made by mail or telephone by using your MasterCard, Visa, American Express or Discover credit card. A credit card convenience fee at the bank assessment rate will be added for those wishing to use this method. Current rate is 3%

STANDBY LIST

Space is limited on many events. All reservations are recorded in the order initial deposits are received. If received on the same day, they are handled in a lottery style manner. When a cancellation occurs, the first on the standby list is notified to fill the opening. Do not hesitate to sign up when discovering there is a standby list for an event. Very seldom have we had any standbys remaining at the start of an event.

GUESTS

Arrangements and/or registration for all guests should be made upon registration or no later than 150 days prior to the start of any event.

SCOUTING AN EVENT

This occurs approximately one year prior to running the event. Pricing and finalizing with confirmation of all tours and attractions for each event take approximately four to six months after scouting is completed. Dates are tentative. Pricing and confirmed dates will be published in the Motorcader magazine.

CANCELLATIONS/REFUNDS

If reservations are cancelled 150 days before the event, your deposits will be refunded less any unrecoverable monies retained by vendors from deposits made on member's behalf If cancellation falls within 150 days prior to the beginning of the activity, all deposits are non-refundable unless replaced by another member on the standby list. No shows will result in no refunds. Full Payments on events are due 150 days before the event begins or as requested on invoice. Failure to make timely payments will result in you losing your place in the sign-up rotation and/or your cancellation of said event. All events are subject to cancellation if sufficient sign-ups are not obtained. Fees will be fully refundable should it be necessary to cancel the event. Travel protection insurance – It is recommended that members consider purchasing trip cancellation/interruption insurance separately at the level the member desires to protect their investment in the event of loss of non-refundable trip payments. This is the member's responsibility if they desire to obtain insurance.

CENTRAL PLAINS

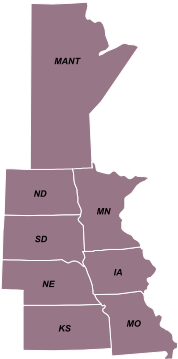

We held our spring rally at Lake of the Ozarks in Missouri. We stayed at a very picturesque state park and had a great time exploring the lake area. We had a picnic by the water at Ha Ha Tonka state park, attended a fantastic and HUGE car show, competed in Ozark's-style (near vertical) mini-putt, and capped it off with a dinner on a lake cruise. A few of us took a quick buzz in a helicopter around the dam area, and we all had some very special chocolates at a local chocolatier. Our senior members, Jack & Eilene Crick, finished the mini-putt and did quite well, but waived off their awards. It was a great time with friends.

Grandvention is in Sieverville, TN, this year from September 22-26. Central Plains chapter has won the Foretravel Traveling trophy two years in a row because we have the highest percentage of our members attending. It would be great to see everyone at the Grandvention & win the trophy a third time!

We won't have a fall rally this year as we didn't get any volunteers for wagonmaster and our most active members are all tied up with motorcades or personal business. Dave and I were wagonmasters for the Spring rally, but we can't do the fall rally because he is still teaching. He will teach classes virtually during the Grandvention but he can't do it a second week. The chapter will get together for our fall business meeting during the Grandvention.

The Central Plains chapter really needs more active members and to increase attendance at rallies. If you have any ideas on how to improve the rallies, when to hold them, where to hold them, or activities you'd like to see, please contact us. We're very interested in having rallies that people want to attend. Also, being wagonmaster is a great way to show off an area that you know well, and its not that hard. If you have any interest, we're happy to help. Dave is our Secretary – you can contact him at 713 979 6482 or petengr@mac.com. If you email, please put "Rally Ideas" in the header so it doesn't get lost.

Safe travels!

FOUR CORNERS & CALIFORNIA

Happy Summer Four Corners & California Chapters!

Hope everyone is having a great travel season so far! As of this letter, we have no rallies planned for the Four Corners or California Chapters. We are looking for Wagon Masters to host rallies for the Four Corners & California Chapters. It can be as long or as short as you like, as relaxing or adventurous as you like. It's all up to you. If you have ever thought about being a Wagon Master, don't delay; start planning today!

Safe travels!

Four Corners Chapter President

MID SOUTH

On behalf of all of Mid-South Chapter members, we extend a warm welcome to our many new members. We are delighted that you have joined our Motorcade Club family and look forward to meeting each of you soon. Please do not hesitate to reach out if you have any questions about our Chapter or upcoming events.

Our Fall Mid-South Chapter Rally in Chattanooga, Tennessee, is coming together nicely and promises to be a fun-filled event for everyone. The area is beautiful and offers many wonderful attractions and sites to explore. Be sure to mark your calendar for September 14–18.

Registration is easy—simply visit our Foretravel Mid-South Facebook page for registration details. New this year is the option to pay your registration fee through Zelle. You have either received or will soon receive additional information in an email letter with rally details.

We are also busy planning activities for 2027. Our Spring 2027 Chapter Rally is taking shape and will provide another wonderful opportunity to gather with friends while enjoying the sights and attractions of a new destination. More details will be available soon.

As you travel this summer—whether celebrating America 250 or spending time with family and friends—please travel safely. Enjoy the journey, cherish the friendships, and make wonderful memories along the way.

Happy travels and Happy Birthday America

SOUTH CENTRAL

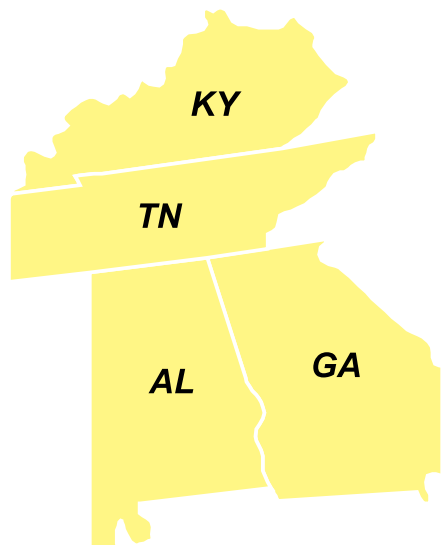

Greetings everyone. I hope this month finds each of you doing what you enjoy & feeling well. I need to make an important announcement regarding our upcoming fall rally in Nashville. My registration sheet was causing confusion with the optional activities, so I made a new sheet. We will still have the General Jackson boat cruise, Grand Ole Opry, & Marathon Motors as optional activities. Any other tours or events we choose to attend will be "pay at the event". Simpler & less confusing.

Foretravel Motorcade Club website, in addition to a gallery of photos from past events & listings of upcoming events has a history section at the bottom of the home page. Very enjoyable reading how the club got started & some of their motorcades. In 1968, there were 28 motorhomes on a "Piggyback" Motorcade riding on railroad cars into Mexico. In '77, there were 109 coaches on the Maritime Motorcade. Can you imagine? In '82, they had 302 coaches at the Grandvention in Maryville, TN. Check it out at foretravelmotorcadeclub.com. You can also find helpful information at foreforums.com.

To receive a copy of the revised registration form, send a text or call Steve at 931-981-5277 or email at senfinger2@gmail.com. I will send you the new registration sheet plus a description of activities & attractions.

FLORIDA

Dear Fellow Florida Motorcadars,

What a wonderful time we had at our last rally in Maggie Valley, North Carolina! The mountains, the scenery, and the camaraderie made it a truly memorable gathering. A heartfelt thank you to everyone who made the journey and helped make it a success.

Now, looking ahead...mark your calendars! Our Fall Rally will be held in Ocala, Florida. More details on dates and the host site will be forthcoming, so stay tuned for updates. We look forward to welcoming you all to the heart of Florida horse country for another great time together.

Important Chapter Business:
Special Election:

As we head into the fall, we will be holding a special election for chapter officers. We currently have openings for the following positions:

- Vice President
- Secretary

If you have a passion for our chapter and would like to serve your fellow Motorcadars, we encourage you to consider stepping up. These roles are vital to keeping our Florida Chapter strong and active. Please reach out if you are interested in running or would like more information about what each position entails.

It's Summer, Time to Hit the Open Road!

Summer is here, and that means the open highways are calling! Whether you're heading to the mountains, the coast, or somewhere in between, we hope you're out there exploring new destinations and making memories. You never know who you might run into along the way — maybe a familiar face from a past rally, or a new friend yet to be made. That's the beauty of the Motorcade family.

Safe travels to all, and we'll see you down the road!

Warm regards,

Matthew Wagner
Florida Chapter President

GREAT LAKES

The Great Lakes Chapter had a wonderful spring rally in Chatham, Illinois, hosted by Alan and Barbara Salm. Located just south of Springfield, in the Land of Lincoln. Members explored the local sights on their own. We enjoyed breakfast every day and wonderful evening meals together. Attendees played games like axe throwing, cards, dominoes, and the unwrapping of the cling-wrapped ball with layers of goodies to see who got the big prize in the center. Evenings around the campfire were enjoyed along with the predominantly good weather. Some even took a drive on the historic Route 66 and found part of the road laid with bricks to celebrate it's 100th Anniversary.

We will miss our longtime member, Roger Kirk, who passed in April. We send our condolences to Karen, his wife. They encouraged others to join the Motorcade Club and were great foster parents to many members. Looking at future Rallies, we had an enthusiastic response:

Spring 2027, Larry & Karen Pontius along with Tim & Shirley McCoy are scouting in Auburn, Indiana.

Fall 2027, Russ & Patty Winck are scouting a joint rally with the South-Central Chapter around Bowling Green, Kentucky.

Spring 2028, John & Cheryl Douglas are planning to host in the Amana Colonies of Iowa. A rally they had planned, which was cancelled because of Covid.

Coming Up Soon...

Our Fall 2026 Rally is being held in Champion, Pennsylvania, inviting the North Atlantic Chapter Members to join us. It is being hosted by Ken Glodack and Linda Krueger. Featured sightseeing will be the Flight 93 National Memorial and Frank Lloyd Wright's designed home, Fallingwater. Everyone is invited to join us. See the Great Lakes Chapter Rally Page in this edition. Our rallies are open to all Motorcade Members who would like to attend. Looking forward to seeing everyone at the Grandvention in Tennessee.
